Preserve, Promote and Protect our Aboriginal Sites Grant Program 2024-25

The Preserve, Promote and Protect Our Aboriginal Sites Grant Program was established to support Aboriginal people to protect, preserve and promote important heritage sites by providing grants to Aboriginal Corporations and incorporated Aboriginal not-for-profit organisations through an annual competitive application process.

BEFORE YOU APPLY

Please ensure you have read the [Guidelines for Applicants](#) before completing your application.

We recommend that you discuss your project with the [Heritage Officer](#) for your region or the DPLH Grants Officer at HeritageGrants@dplh.wa.gov.au or (08) 6551 9482 before you submit an application.

For more information please see our [Frequently Asked Questions](#) or visit the Department of Planning, Lands and Heritage [website](#).

IMPORTANT INFORMATION

Grant applications will only be accepted for projects associated with Registered Sites or Lodged Places in the [Aboriginal Cultural Heritage Inquiry System \(ACHIS\)](#).

If you are seeking funding for a project that is associated with Aboriginal heritage places that are not registered or lodged you can submit information about it for assessment using the current Heritage Information Submission Form.

If the heritage place becomes registered, you can apply for funding through the 'Preserve, Promote and Protect our Aboriginal Sites' grants program (the Program) in future years. It can take more than six months to comprehensively review place information for assessment. For this reason, you should provide information about possible sites now to ensure eligibility for future funding rounds.

For more information about reporting sites, please contact the Department's Aboriginal Heritage Operations Team on (08) 6551 8000 or at AboriginalHeritage@dplh.wa.gov.au

Approval to access land

The [Aboriginal Heritage Act 1972](#) is the legislation that manages Aboriginal heritage in Western Australia. The laws require approval for activities that may impact or harm Aboriginal heritage. Depending on the scope of your project, may require the following:

Regulation 7 - approval to take digging or lifting equipment or explosives on to an Aboriginal site.

Regulation 10 - approvals are granted in relation to a range of minor activities. This could include maintenance works, bridge works, environmental work, emergency activities, fencing, jetties, dredging and remediation works.

If applicable, the Department of Planning, Lands and Heritage will provide the relevant approval following notification of a successful grant application.
